

ELEVATE

JACKSONVILLE

Dear *|FIRST_NAME|*

We are thrilled to share some exciting news with you! Elevate Jacksonville has been featured on News4Jax, shining a spotlight on our important work and the positive impact we're making in the community.

In our very own classroom, with our very own students! This piece highlights our ongoing efforts to uplift and empower students, providing them with the resources, opportunities, and support they need to thrive.

If you missed the airing on Sunday night, [we have the link here](#) for your viewing enjoyment!

We would like to express our heartfelt gratitude to **News4Jax** for recognizing Elevate Jacksonville's commitment to making a difference in the community. We also want to thank each and every one of you for your continued support, belief in our mission, and dedication to creating lasting change.

We look forward to sharing more updates and successes with you in the future!

Warm regards,

Kelli Matonak
Development Coordinator
Elevate Jacksonville

GENERATIONS OF THRIVING LEADERS

We are called to build a movement to mend the social fabric of our nation. It will take all of us—individuals and families, schools and workplaces, health care and public health systems, technology companies, governments, faith organizations, and communities. It will require reimagining the structures, policies, and programs that shape a community to best support the development of healthy relationships.

— U.S. Surgeon General Dr. Vivek Murthy

About This Report

This report is part of Elevate Jacksonville's annual evaluation. It relies on findings from internal measurement methods as well as assessments collected by third-party firms, including the Thriving Youth Scorecard (Excellence in Giving) which engages students at multiple junctures in the program.

Our surveys enable us to see the transformation in students. What sets our data apart is that it measures significantly more than grades, on-track to graduate rates and educational impact. It also measures character, community and social-emotional impact - which together comprise the key indicators of thriving.

The following pages illustrate how the Elevate Jacksonville program facilitates transformational and holistic growth among its students, propelled by the transformational mentoring it delivers to underserved youth in Duval County, Florida.

No One Does What Elevate Does, and we Can Prove That It Works!

The **IMPACT** is clear! We are so proud of our results in Jacksonville.
